## MARCOM INTEGRATED SERVICES LLP

Provides end-to-end marine electronics and offshore service solutions, ensuring vessels remain connected, compliant, and operational at all times. Our core capabilities include marine navigation systems, communication equipment, GMDSS support, and integrated bridge solutions.

We offer rapid-response technical services for in-transit fault rectification and port-based installations, including complete bridge retrofit projects. Our engineers are experienced across all major OEM equipment, enabling efficient service delivery with minimal operational downtime.

With 24/7 service coverage across India, Middle East, Singapore, China, USA, and Europe, Marcom Integrated Services LLP supports commercial shipping fleets, offshore installations, shipyards, and dry docks. Our commitment is to deliver reliable, compliant, and timely solutions that ensure safe and uninterrupted maritime operations.

## SALES & SERVICES

Marcom Integrated Services LLP delivers comprehensive marine navigation, communication, safety, and automation solutions to meet the evolving needs of the maritime industry. Backed by a team of experienced professionals and advanced technologies, we ensure operational reliability, regulatory compliance, and enhanced safety for vessels, crew, and cargo.

- ❖ To deliver practical
- ❖ Precise, and timely marine services on deck
- ❖ Maintaining the highest standards of safety and regulatory compliance
- ❖ Become the world's most trusted marine electronics partner

### 24/7 Urgent Services

Our 24/7 Urgent Services ensure that customers receive immediate support whenever they face critical equipment or system issues

### Our Mission

To deliver practical, precise, and timely marine services on deck, offshore, or remotely while maintaining the highest standards of safety and regulatory compliance. We respond quickly, minimize lead times, and provide real-time solutions whenever vessels require support

### Our Vision
